CRediT authorship contribution statement

Mirza Samad Ahmed Baig: Conceptualization, Methodology, Software, Validation, Formal analysis, Investigation, Writing – original draft, Writing – review & editing. **Syeda Anshrah Gillani:** Conceptualization, Methodology, Software, Validation, Formal analysis, Investigation, Writing – original draft, Writing – review & editing. Mirza Samad Ahmed Baig and Syeda Anshrah Gillani contributed equally to all aspects of this work. **Asher Ali:** Resources, Supervision, Writing – review & editing.

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Funding

This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

Data availability

All datasets used in this study are publicly available standard long-term forecasting benchmarks, cited in the text. The complete code, configurations, and instructions required to reproduce every reported result are publicly available at <https://github.com/Orqly-AI/FreqLite-Forecasting>.
